

## Reality Quiz for the AD3 Course (1DL481)

1. Do I have to download (or buy) and study the CLRS4 textbook?
2. Are the lecture slides self-sufficient?
3. Do I have to attend the guest lecture?
4. Will there be lab sessions with small exercises?
5. How many of the 3 help sessions per assignment should I attend?
6. What is the expected effort per assignment?
7. Do the TAs show us how to solve the assignments?
8. How many percent of the tasks of each assignment must we address?
9. On how many of the 4 assignment problems can we get 0 of 5p?
10. On how many of the 4 assignment problems can we get 1..2 of 5p?
11. On how many of the 2 assignments can we get 3..4 of 10p?
12. Will the TAs (help) install MIP, SAT, and SMT solvers on my computer?
13. Do we have to follow the demo-report *structure*?
14. Do we have to use  $\text{\LaTeX}$  for assignment reports?
15. Is learning  $\text{\LaTeX}$  within the course time-budget of 133.3h?
16. Are the teacher and TAs full-time on this course?
17. Can I flout the rules and deadlines? Are the teacher and TAs my servants?

## Reality Quiz for the AD3 Course (1DL481)

1. Do I have to download (or buy) and study the CLRS4 textbook? Not necessarily!
2. Are the lecture slides self-sufficient? No, only if I attend and take notes!
3. Do I have to attend the guest lecture? Yes, and maybe you are recruited!
4. Will there be lab sessions with small exercises? No, that would be useless!
5. How many of the 3 help sessions per assignment should I attend? At least one!
6. What is the expected effort per assignment? Average 30 hours per teammate!
7. Do the TAs show us how to solve the assignments? No, only at solution sessions!
8. How many percent of the tasks of each assignment must we address? 100%!
9. On how many of the 4 assignment problems can we get 0 of 5p? Zero!
10. On how many of the 4 assignment problems can we get 1..2 of 5p? Some!
11. On how many of the 2 assignments can we get 3..4 of 10p? One, but 10..20 sum!
12. Will the TAs (help) install MIP, SAT, and SMT solvers on my computer? No time!
13. Do we have to follow the demo-report *structure*? Yes, as it yields faster grading!
14. Do we have to use  $\text{\LaTeX}$  for assignment reports? No, but it is strongly advised!
15. Is learning  $\text{\LaTeX}$  within the course time-budget of 133.3h? No!
16. Are the teacher and TAs full-time on this course? No, < 30%.
17. Can I flout the rules and deadlines? Are the teacher and TAs my servants? No!
